This 35 hour course teaches participants how to open and run their own Family Child Care facility. Through interactive sessions participants will learn about: Child Growth and Development, Guiding and Caring (positive discipline strategies), Health and Nutrition, Learning through Play, Safety & Emergency Procedures, Family Child Care Business Management, the child care subsidy process and Family Child Care registration and licensing procedures. Participants will develop their own "Parent Package" (policies, contracts, programming, daily schedule, etc.) Everyone must attend all sessions and complete the assignment in order to receive a certificate. Workbook included in fees. Minimum of 18 participants required. Maximum class size 25.
