NOTES:

- This survey is completed every 2 years. The comparison year is 2015.
- All of the school age child care centres in the City of Vancouver were contacted by Westcoast and asked for their monthly full time rates as of September 2017
- At the point of survey, there were 110 school age child care centres, of which 79 (72%) centres responded
- AVERAGE = Calculated by adding the monthly full time rates and then dividing by the number of child care centre responses
- MEDIAN = Half the centres have rates that are greater than the median, and half the centres have rates that are less than the median
- Some centres charge an extra fee for professional development days
- Summer care is offered during the summer holidays. Many centres offer full time care for this period. Some centres provide care on a weekly basis and charge accordingly. Some centres close during the summer period.
